

SUMO Symposium
Tuesday, October 30th
5:00-6:00pm, room 380Y
(Snacks Provided)

A Whirlwind Tour of Analysis

Moor Xu

ABSTRACT:

We embark on a tour of cool ideas in basic analysis. We plan to explore the subject through examples, counterexamples, pathological examples, pretty pictures, intuition, and lots of handwaving. Details and rigor will be ignored in favor of gaining an intuitive understanding of the key ideas.
