

SUMO PRESENTS:
Ask Us Anything!
A LIVE Q & A WITH

BRIAN CONRAD

TADASHI TOKIEDA

Pfs. Conrad and Tokieda will answer any math queries (modulo personal and homework questions) you have. This is your chance to ask about those theorems, conjectures, examples, and histories for which you've always had unanswered questions... The discussion will be moderated mostly around undergraduate-level mathematics, although all are welcome to attend!

JANUARY 16, 4–5 P.M.
MATH BUILDING, 380–380C
Onigiri provided afterwards!
