The SUMO Speaker Series for Undergraduates

(food from Pizza Chicago)
Wednesday, December 2nd
4:15-5:05, room 380C

Combinatorial Game Theory

Professor Jacob Lurie, Harvard Univ.

ABSTRACT:

This talk will be an introduction to the theory of combinatorial games: that is, games of no chance and perfect information. After introducing some basic definitions, we will give some examples that illustrate the quirky arithmetic features of the world of games.
