

[SOLUTION] Sandwiched Cities

Answer: **HAMBURG**

First, solve the clues in the two columns. The clues in the second column are arranged in alphabetical order.

First column clues:

Hawaiian greeting (5): ALOHA

Charlatan or swindler (10): MOUNTEBANK

Vacuum flask (7): THERMOS

Month of Halloween (7): OCTOBER

Spirit (4): SOUL

Japanese beer brewery (7): SAPPORO

Primary component of air (8): NITROGEN

Second column clues:

All but the signal, in radio (5): NOISE

Spineless person (6): COWARD

Blanket carrying character (5): LINUS
